

## EDUCATION:

The **Paediatric Palliative Care Network** are facilitating online monthly education forums with international speakers and covering topics such as

**Childhood Dementia** and **Palliative Care for Critically ill Children with Heart Disease**.

## CO-GOVERNANCE:

The **Child Protection Network Annual Satellite Day** was successfully delivered in Rotorua in November. This day was co-designed and co-led with a **Māori and Pacific focus**. Excellent feedback received and another step towards co-governance for the Child Protection Network.

## EVENTS:

The newly formed **Neurodevelopment Network** held a Satellite Breakfast meeting at the Annual PSNZ conference, attracting 50 attendees and successfully **growing the wider network** membership.

## RESOURCES:

The **Neurology Clinical Network** have updated the **Buccal Midazolam Administration Guidance resources**, coming soon to the Starship website.
